

Rost Software LLC

Ramp Designer

Privacy Policy – April 12, 2025

Ramp Designer plugin collects the following user information each time the plugin is started and sends it to a secure server owned by Rost Software LLC:

- Date and time the plugin was initialized
- Name of the application that the plugin is being used by (for example Autodesk's Civil 3D)
- Plugin name (ie Ramp Designer)
- Plugin version
- Autodesk ID
- Public IP address
- Whether the plugin started successfully

Data will be retained on the secure server for a period of no more than 2 years. The server will be secured using common industry third party services.

Data will be used to monitor regular use of Ramp Designer and will not be shared with any third parties for any purpose except those as required by US law.

If the users do not agree with this agreement they must immediately cease use of Ramp Designer. Contact support@rostsoftware.com to request for sent data to be deleted.

For most up to date privacy policy or for more information visit rostsoftware.com or contact support@rostsoftware.com
